Comments:

Abe has been playing ball since t-ball. He has played coach pitch and 1 season of fast pitch for the Center Point Recreational league. He loves ball and is looking for an opportunity to get more practice and games. Abe likes to play catcher and first base, he is coachable and will play wherever asked. Abe makes good solid contact when given pitches he can hit. I have coached him to be a contact hitter, not a power hit but he really hasn't had enough reps to have a set swing.
